

## INSPECT-CHECK TEST SAMPLING INSTRUCTIONS

*Inspect-Check is a Quick Series testing package designed to provide rapid test results.  
This test package includes Bacteria, Nitrate, Nitrite, Iron, Lead, Copper, Turbidity and pH.  
Results in 3 business days*

**PLEASE READ ALL INSTRUCTIONS COMPLETELY BEFORE COLLECTING YOUR WATER SAMPLE**

**One test kit represents one sampling location. If you require testing on multiple locations you will need to purchase multiple test kits.**

1. Freeze the blue gel ice pack for at least 8 hours prior to sample collection. Return to the cooler just prior to sampling and/or return shipping.
2. Remove aerators, strainers, mixers or purifiers from your tap. Disinfect the spigot using alcohol or flame (if metal).
3. Run the cold water for approximately 3-5 minutes, then adjust the flow to a thin stream to avoid splashing or overfilling. Fill bacteria bottle to the 100 ml fill line on the bottle. Take care not to touch the inside of the cap or bottle as you may contaminate your sample.
4. Fill the large round bottle to the neck, cap securely and return it to the cooler.
5. Complete the enclosed lab form, **making sure to indicate the date and time you sampled**, type of water (treated/untreated) and sample identification which identifies where you collected your sample (i.e., kitchen sink, well head, etc.). Retain a copy of the lab form for your records and return the completed form to the shipping container.
6. Mail your sample to the testing location below. The sample should be sent via guaranteed overnight delivery.

Testing Location: **National Testing Laboratories, Ltd.  
556 South Mansfield Street  
Ypsilanti, MI 48197**

7. PLEASE NOTE: Testing takes approximately 2-3 business days from receipt of the samples. Results can be emailed or faxed (if provided an email address or fax number).

If you have any questions regarding this Inspect-Check Test or any other services we provide, please contact a Technical Service Representative at National Testing Laboratories at 1-800-458-3330 for assistance.

Thank you for choosing National Testing Laboratories, Ltd., for your water testing services!
